Made in Sweden

REFINE YOUR HOUSE

Desigtak enhances your house and makes your entrance warm and inviting. The canopies are lightweight and have a unique aluminium construction with a long service life and minimal maintenance requirements. Our canopies are delivered ready to mount!

LYFT DITT HUS TILL NYA HÖJDER

Desigtak förändrar ditt hus och ger dig en entré med välkomnande och värmande känsla. Taket har låg vikt och är utformat på ett sätt som gör dem mycket enkla att montera tack vare en unik aluminiumkonstruktion. Konstruktionen ger dessutom en lång livslängd med minimalt behov av underhåll. Våra tak levereras helt färdiga för montering!

LØFT HUSET DITT TIL NYE HØJDER

Endrer huset ditt og gir deg en inngang med en innbydende og varm følelse. Takene er lette og er designet på en måte som gjør dem veldig enkle å montere takket være en unik konstruksjon. Konstruksjonen gir også en lang levetid med minimal vedlikeholdsbehov. Våre tak er levert helt klar til montering!

VEREDELN SIE IHR HAUS

Desigtak verändert das Aussehen Ihres Hauses und vermittelt ein warmes, einladendes Gefühl. Die Vordächer haben ein geringes Eigengewicht und dank der einmaligen Aluminiumkonstruktion sind sie sehr leicht anzubringen. Dank der Bauweise sind sie sehr langlebig bei minimalem Pflegebedarf. Die Dächer werden montagefertig geliefert!

EASY TO MOUNT!

PORCH

Our high quality porches are available in different models and sizes and come complete with gutters and downpipes. Primed or pressure-treated support posts and recessed LED spotlights are available as optional extras. All our porches are easy to mount.

Våra verandatak håller hög kvalitet och finns i olika modeller och bredder, alla med hängränna och stuprör. Som tillval finns grundmålad eller tryckimpregnerade stöd Stolpar och infällda LED-Spotlights. Som alla våra tak är även vårt verandatak enkelt att montera.

Våre verandatak er av høy kvalitet og er tilgjengelige i forskjellige modeller og bredder, alle med takrenne og nedløpsrør. Valgfritt, det er grunnleggende eller trykkimpregnerte støtteposter og forsynt LED-spotlights. Som alle våre tak er verandataket enkelt å montere.

Unsere Terrassendächer sind hochqualitativ und in verschiedenen Breiten und Modelle vorhanden, alle mit Regenrinne und Fallrohr. Sie können zusätzlich mit Einbau-LED-Strahlern und/oder Stützpfosten (weiss grundiert oder druckimpregniert) versehen werden. Wie alle unserer Dächer sind auch unsere Terrassendächer sehr einfach zu montieren.

It is easy to design your new Easy Collection roof. Start by choosing the size, colour and roof material and then choose the console.

If you choose aluminum as the roof material the construction will lead rainwater to the sides.

Att kombinera ett Easy Collection tak är enkelt. Inled med att bestämma vilken storlek och vilket material, avsluta med att välja konsol. Med valet av aluminium som takmaterial fås en ränna i framkant som gör att vattnet rinner åt sidorna.

Å kombinere ditt nye Easy Collection tak er lett. Begynn med å velge størrelse og utførelse på takmateriale du ønsker. Kombinere deretter dette med en konsoll. Med valg av aluminium som takmateriale, oppnås en forkant som fører til at vannet strømmes til sidene.

Ihr neues EasyCollection-Dach auszuwählen ist denkbar einfach. Wählen Sie zuerst die Größe und welches Material und anschließend die Konsole. Wenn Sie Aluminium als Dachmaterial wählen, wird das Regenwasser nach vorn abgeleitet.
